10 levels

Mounted on casters (with brakes at the front)

PRODUCT INFORMATION

- S304 interior structure and S201 exterior structure o Carel Easy digital thermostat 4 programmable cycles.
- Ventilated cooling.
- Easy programming
- Core temperature probe.
- Easily removable fan.
- Automatic defrosting by hot air.
- Door lock
- 90° door locking system.
- Diamond-shaped tank with residual or cleaning water drainage.
- Magnetic door seals.
- Easy to clean and removable without tools.
- Interior suitable for 600x400 and GN1/1

Energy consumption for cooling function	0.042 **kWh/kg**
Energy consumption for freezing function	0.16 **kWh/kg**

Cools 50 kg of food from +90°C to +3°C in 65 minutes

Freezes 30 kg of food from +90°C to -18°C in 210 minutes

Option: Adjustable stainless steel feet

H : 85mm-115mm
