The Burger Conveyor Toaster (AS-Y26) is a semi-automatic stainless steel machine designed for efficient toasting in hotels and restaurants.
With a capacity to toast 100 buns per hour, it operates at 220V/50Hz and consumes 2000W of power.
Built with durable SS304-grade stainless steel, the toaster measures 425 x 295 x 615 mm and weighs 23 kg.
Its electric power source and user-friendly control panel ensure ease of operation, making it a reliable tool for high-volume food preparation.
