G5 grinder

SCOPE AND VALUE PROPOSITION

- G5 extends the current Gaggia Milano grinders range, offering a full range of grinders to the market.
- **Elegant design in line with G10 and G10 evo**, with advanced functionalities.
- Reliability, high performance and technology in a compact grinder → **excellent value for money!**

What are its main highlights?

- **Available in three colours**: black, white and copper.
- 1.54-inch TFT colour display.
- Capacitive keyboard.
- **Exclusive hopper design** with slotted screw.
- Integrated tamper with metal support, with right or left-hand assembly option.
- **Three grinding options**: Dose On Demand (pre ground), Grind On Demand (instant) and Manual Dose (continuous).

G5 grinder
